DEAR MEMBERS,

Season's Greetings to All!

2017 has been a fruitful year with all OCC Members and Guests actively participating in signature events like the Hong Bao Golf Special, MayFest Golf Challenge, Secretary-General's Cup, Club President's Cup, Club Captain & Lady Captain's Cup and Oktoberfest Golf Challenge to build comradeship and new friendship over the game of Golf.

We also witnessed a good turnout of members who joined us for the 5D4N golf vacation to Surabaya; and 80 golfers competing in the inaugural OCC-PING G400 Long Drive Challenge held across 6 days at the Driving Range. I would like to take this opportunity to thank all members for your immaculate support, making these events a great success.

With the year coming to a close, this is the opportune time to take stock of the golf course and facility improvement works rolled out this year, key revisions made to golfing regulations and policies to regulate play, as well as new initiatives and Club events in the pipeline.

Golf Course and Facility Improvement Works

This year, we continue to invest in Golf course improvement and landscaping works to enhance the playability and aesthetics of the golf courses for your golfing enjoyment. Periodic Hollow Tinning and Coring were scheduled to eradicate weeds and improve soil aeration for better absorption of nutrients to achieve a healthier turf. Bunkers were upgraded to provide a better drainage system and minimise erosion, enabling the Club to curb water-logging issues during heavy downpours. In addition, Yellow Flame and Pulai trees were planted on the fairways of Dendro 1 and 7 respectively to improve the course features.

I sincerely thank everyone for your kind understanding and patience while these cultural practices and improvement works were carried out and we are delighted to receive encouraging feedback on the improved course condition from happy golfers who enjoyed their game. To help to upkeep the course, I hope all members can play your part by exercising simple golf etiquettes such as fixing ball marks, repairing divots and raking the bunkers after use.

Meanwhile, to ensure smooth operation of our buggies, 140 fleets had undergone battery replacement in stages since mid-September and this project was completed in October 2017.

At the Driving Range, range balls were renewed in February and July for golfers to practise their swings. Spot Re-Turfing was also implemented in March to rejuvenate the Range Turf with embedded balls removed from the ground and new turfs laid onto the soil so that range balls can land on a lush and smoother surface.

Review of Golf Regulations and Policies to Regulate Play

Ever since the reintroduction of late cancellation and no show policy in 2015, late cancelled flights for social play have greatly reduced from 12 'no show' cases in 2015 to one case in 2017, as of today. This allows more golfers to benefit from the vacant slots, especially on weekends and public holidays; and enables OCC to manage the current golfing demand due to lesser supply of golf courses in Singapore.

While we experience full time sheet on popular sessions, it is important for all golfers to adhere to the pace of play guideline as stated on the buggies. Otherwise, any slow play will affect the later flights and this domino effect will escalate at the crossover junction. If all golfers observe the basic guidelines, playing golf in OCC will definitely be enjoyable.

Earlier this year, the Club also reviewed the 2-ball policy. Golfers who are unable to form 2, 3 or 4-ball flights can now be paired by the Club or tee-off in a 2-ball flight if slots are available. General play was also introduced for Mondays and Tuesdays' walking golfers to better manage the current golfing demand.

New Initiatives In 2018

We are pleased to share that the Club will be refurbishing the Golf Reception Counter and upgrade the facility next year. Members can look forward to a new experience at the counter as they register their golf game. The new Reception Counter will be an air-conditioned enclosure which encompasses a waiting area with furniture and plants to welcome members and golfers upon arrival. In addition, the Driving Range Reception Counter will also be given a facelift to brighten up the premise and provide for a more professional setting in terms of functionality and design outlook to serve the golfers' needs.

Besides the facility upgrading, our Golf Receptionists and Marshals shall also be given a brand new attire for a refreshed look. With these initiatives, we hope to provide members and golfers an enhanced Orchard Experience before the start of your game.

Club Events

Coming up next, there will be a 2-day Range Carnival on 4 & 5 November (Sat & Sun) where members can enjoy special offers at the Golf Equipment & Apparel Bazaar; and partake in Lucky Draws and Novelty Challenges. The fun filled Christmas Golf Game will be held on 16 December (Sat).

With a series of festive events lined up for you this holiday season, we look forward to having you and your family, and friends at OCC.

Merry Christmas and a Happy New Year!

Warmest Regards,
TAN AH EE

DEAR MEMBERS & FRIENDS,

Warm Greetings from Sunny Orchid!

It is heart-warming to know that the results for the 2017 Members' Satisfaction Survey have been encouraging and positive with 67% of our members satisfied with their overall experience in OCC compared to last two (2) surveys conducted in 2014 and 2013 with an overall satisfaction rating of 62.9% and 64.3% respectively. This encouraging result will certainly motivate our colleagues to work with better clarity to make progressive service and process improvements to ensure your continuing enjoyment.

Based on the survey findings, some of our immediate focus will include organising the preferred types of programmes, events and promotions for golfing, social and sports to increase members' participation rate and efficiency in event organisation. Resources will also be prudently allocated to upgrade and maintain facilities of high utilisation such as the Golf Courses, Driving Range and Gymnasium to ensure they remain consistently in good condition. As the quality of our products and services is supported by good system integration and strong partnerships with our service providers, the Club will continue to engage our tenants and vendors through regular reviews and feedback to improve our product offerings and service deliverables.

So far, the Club has embarked on key initiatives to improve our facilities and tenancy mix to serve you better. For instance, 100% or 281 Over Ground (OG) Boxes serving the Aranda and Vanda golf courses' high-mast lightings were upgraded in October 2017 to ensure safety and functionality above aesthetics. New Fan Coil Units, Chilled Water Pipes Insulation and Direct Expansion Air Conditioners were also installed across the Clubhouses as part of cyclical replacement and renewal and the final phase is scheduled for completion by December 2017.

Another upgrading initiative include the restroom renovation works at the Driving Range, Hotel lobby, Aranda Lounge, Bunker Pool restrooms/shower facilities as well as those at the Grand Ballroom & Jade Foyer which were completed in October 2017. Renovation works will resume in 2018, focusing on the restrooms located at the Golf Clubhouse (Level 1 & 2) and the Fun Pool's Changing Rooms at the Recreation Clubhouse. More enhancement projects for next year will be announced in due course.

This year, we brought in new tenants such as PING@OCC for custom-fitting of golf equipment, Fatelicious Snack House operating the Halfway House at Dendro Course including the mobile F&B wagon "OCC Express" serving refreshments to golfers on-the-go at the golf courses, and the Royal Palm @ OCC, a 100% Muslim owned establishment serving Halal cuisine to provide more retail and dining options for our members. And for the latest addition to the Club's tenancy mix, I am excited to welcome a new service provider, "Play Lah @OCC", an indoor adventure playground, where kids from ages 3 to 12 can have fun in engaging play spaces like ball pits, bouncy castles, colourful slides, dinosaur tunnels and jungle gym. It will occupy the unit formerly leased to The Learning Boutique. Currently, the unit is undergoing renovation and is scheduled for opening in December 2017.

To create a refreshing banquet experience for members and guests who wish to host their corporate functions, seminars, retreats or social events such as weddings, baby showers, birthdays, graduations and anniversaries' celebrations at OCC, you may be pleased to know that the Club is deliberating in its final stages to construct an air-conditioned Alfresco Marquee at the open field immediately facing the Tee Garden next year. The Marquee shall come with full lightings and themed decors to offer an exciting alternate venue for your event consideration. We will share more details as the plan unfolds.

Meanwhile, with effect from 1 November 2017, the Jackpot daily operating hours have been revised to 10am to 11pm (Mon to Sun, include PH) and only members aged 21 years & above are allowed entry; and members can no longer sign-in their guests into the Jackpot Room. This is part of our effort in compliance with the Ministry of Home Affairs and the Singapore Police Force/ Police Licensing & Regulatory Department's new guidelines, and we thank you for the kind understanding and co-operation.

As the festive holidays approach, the Club will be organising exciting year-end activities and promotions in the next two months to celebrate the festivities with you, your families and friends. Join us at the Driving Range Carnival on 4 & 5 November'17 (Sat & Sun) for exciting novelty challenges and lucky draws, to be followed by the annual Christmas Light-up at the Golf Clubhouse on 11 November'17 (Sat).

Sign up for the Christmas Golf Game and Christmas Bowl happening on 16 December'17 (Sat) to herald in the Yuletide season. And also, stand a chance to win attractive prizes when you top up your range card at the Driving Range from 1 November to 31 December'17. Other appealing activities that may interest you include the Christmas Scratch-It-To-Win-It on 22 December'17 (Fri) and the "Hollywood Night" Year-end Countdown Party on 31 December'17 (Sun) where we usher in the New Year with great food and merry making accompanied with live entertainment!

In closing, I would like to take this opportunity to express my deepest appreciation to all members and friends for your loyal patronage and stoic support throughout 2017. As we share the joy and love this season, may I wish you and your loved ones a Merry Christmas and a Blessed 2018 with many Good Tidings!

*"Spread love everywhere you go.
Let no one ever come to you without
leaving happier." - Mother Teresa*

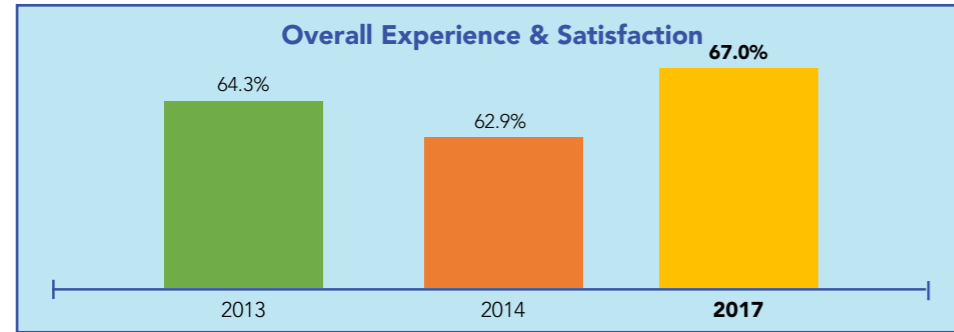

See you at the Club soon.

Warmest Regards,
RICHARD FOO
General Manager

2017 Members' Satisfaction Survey Findings

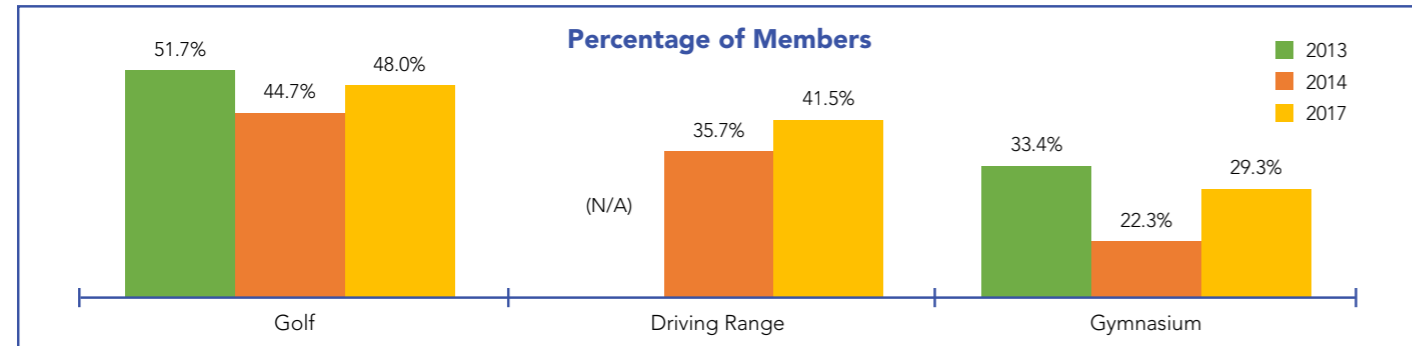

Members' Survey was conducted on 1 July 2017 to gather feedback and obtain members' satisfaction levels to measure the overall experience of their visits. The Club would like to thank all members for taking time to provide your constructive and valuable feedback and suggestions! A total of 716 surveys were received and below is a summary and illustrations of the survey findings.

In general, 67% of the members are overall satisfied with their experience in the Club in 2017, which is a significant increase in rating compared to the 62.9% in 2014 and 64.3% in 2013.

Top 3 Most Frequently Visited Facilities

Golf and Driving Range remained the top 2 most frequently visited facilities across the clubhouses, while the Gymnasium has replaced Olympic Pool and came in third. This affirms the fact that the Club's continuous upgrading and maintenance works for the Golf Courses, Driving Range and Gymnasium is essential to serve members' utilisation; and to ensure they are maintained in consistently good condition.

MEMBERS' SATISFACTION FOR RESPECTIVE FACILITIES

(Red Asterisk * denotes that the specific graph has new questions or contains new attributes. Thus, past years' results are not available for comparison)

GOLF FACILITIES*

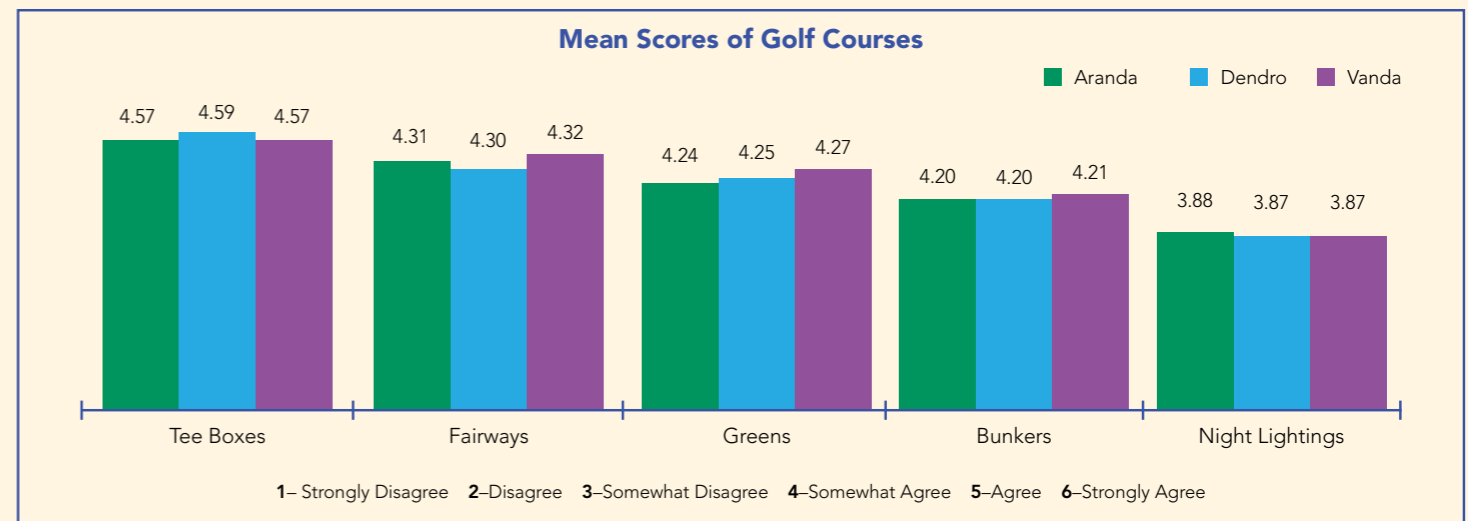

On a rating scale of 1 being "Strongly Disagree" and 6 being "Strongly Agree", the cleanliness and maintenance of the Golf Changing Rooms received the highest rating of 4.89 out of 6, while the buggy condition and the service at the Halfway Houses received the lowest ratings of 4.56 and 4.18 respectively.

To improve the buggy condition, the buggy batteries for 140 fleets had undergone stages of replacement to ensure they operate smoothly and this project was completed in October 2017. Besides bringing in Fatelicious to operate Dendro Halfway House in March 2017, a mobile "F&B" buggy (OCC Express) was introduced in July this year to serve snacks and refreshments on the golf courses as a value-add service extended by the same operator to improve its Halfway House's service.

GOLF COURSES*

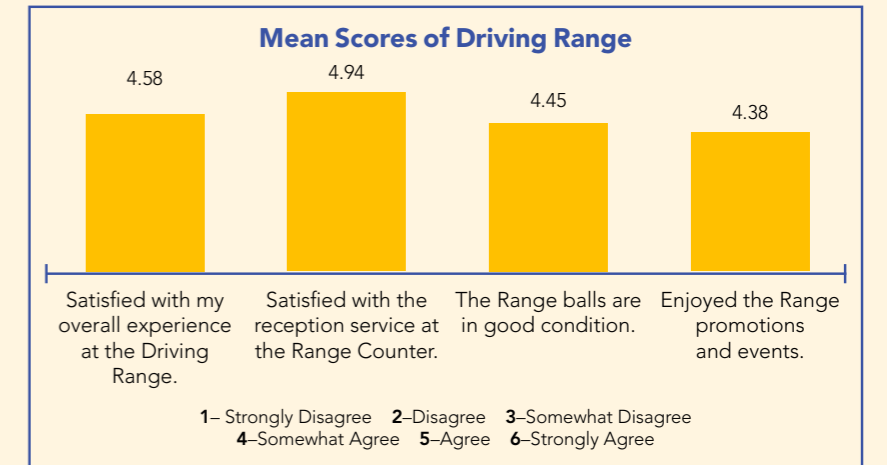

The condition of golf courses received similar satisfaction ratings across all three 9-hole courses (Aranda, Dendro & Vanda). The Tee Boxes scored the highest satisfaction ratings of 4.57, while the Night Lightings scored the lowest satisfaction ratings of below 4.0. However, the low ratings for Night Lightings are attributed by the fewer responses received from members, since Night Golfing is available once a week on Thursdays and may not be actively experienced by members as compared to other time slots.

DRIVING RANGE*

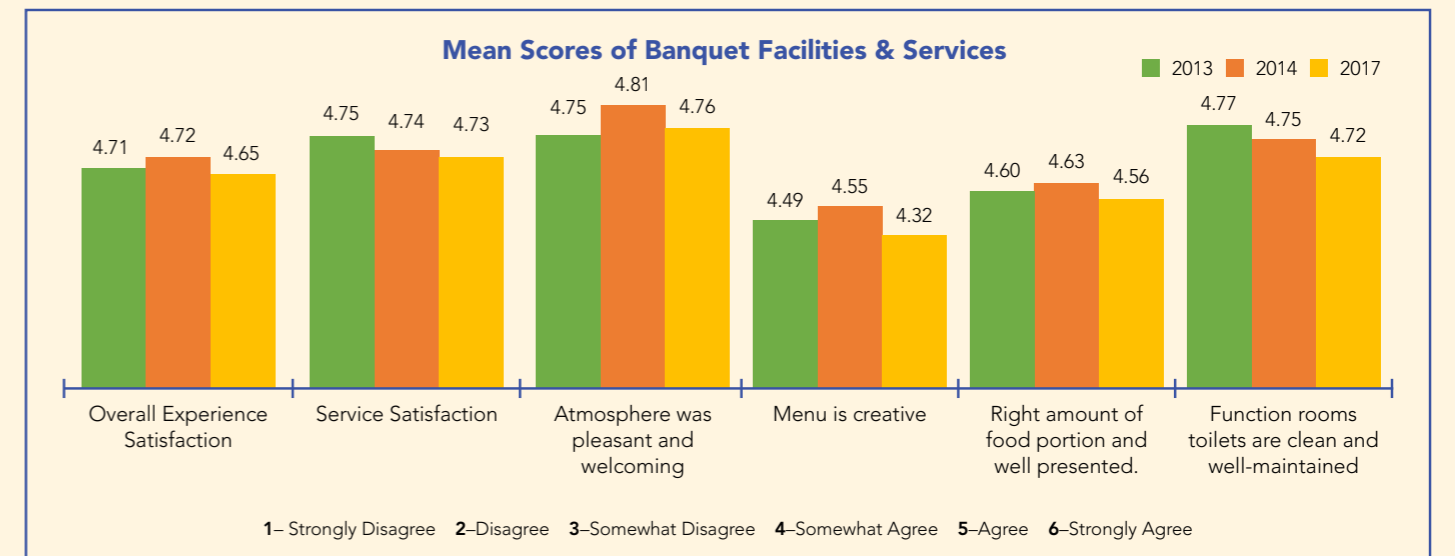

Member/Customer Services at the Driving Range reception received the highest rating at 4.94 which largely contributed to the overall experience rating of 4.58 at the Range.

To drive the rating for promotions and events, the Club organised the inaugural OCC-PING G400 Long Drive Challenge in August and September which saw good participation & attendance rate. In the forthcoming months, members can look out for more events catered to their needs, such as the Range Carnival taking place on 4 & 5 November 2017 (Sat & Sun).

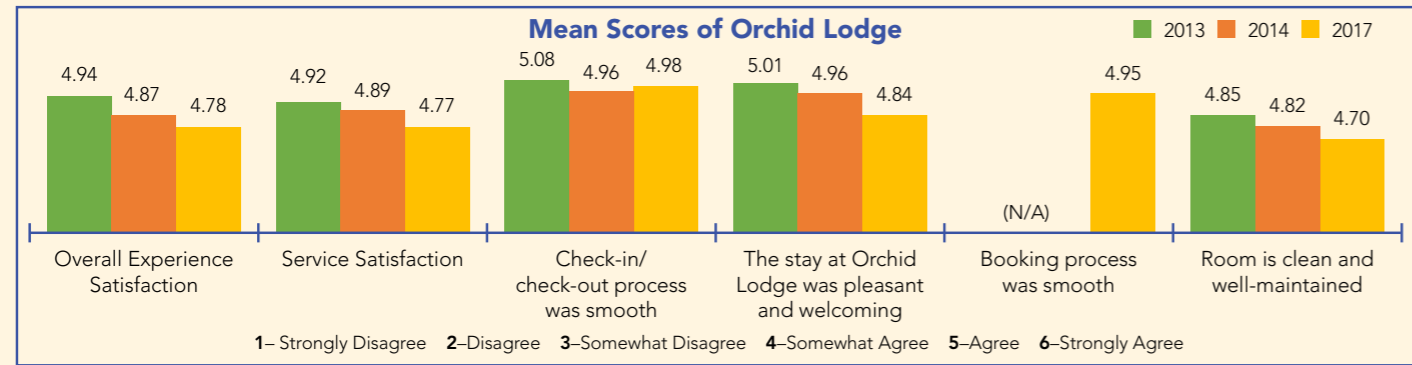

BANQUET FACILITIES & SERVICES

Reportedly, about 1 in 5 members attended the Club's banquet facilities in the past 1 year. We noted that menu creativity has the lowest rating of 4.32. To boost the overall experience of our banquet attendees, our banquet team will be working closely with our catering partners to review the menu varieties, food presentation, portioning quality and value-for-money.

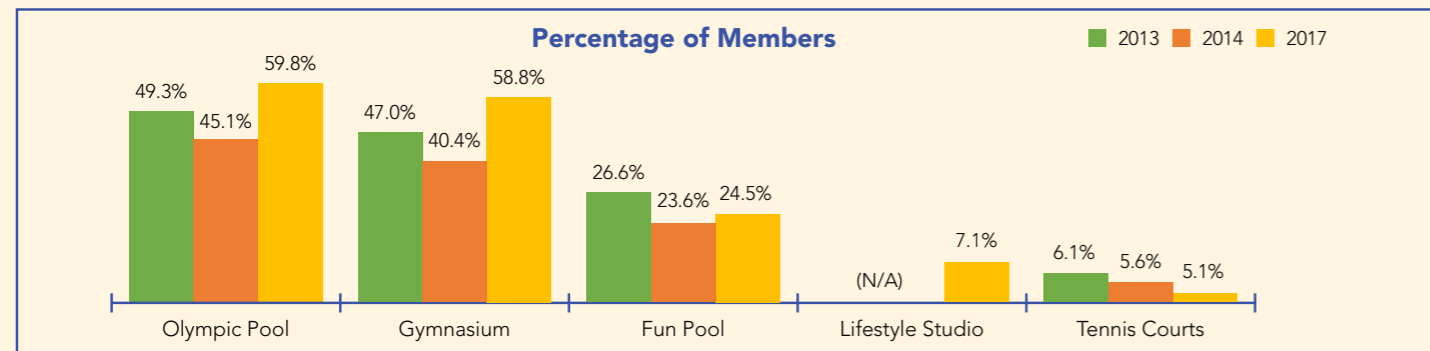

ORCHID LODGE (HOTEL ACCOMMODATION)

Close to 14% of the members reportedly booked a room at Orchid Lodge in the past 1 year. Among the various attributes, we are pleased to learn that smooth service deliveries such as check-in/check-out and booking processes received the highest ratings at 4.98 and 4.95 respectively. To further enhance the Orchid experience, the Club will conduct periodic maintenance exercises to ensure the hotel rooms are consistently in good conditions.

SPORTS FACILITIES

The Olympic Pool and Gymnasium are the top 2 most used sports facilities at the Recreation Clubhouse. It was noted that the Tennis Courts were under-utilised which rationalised the Club's initiative to convert part of them into Futsal Courts in July 2017 to balance the use of space and introduce a new sport facility to promote a healthy lifestyle among family and friends.

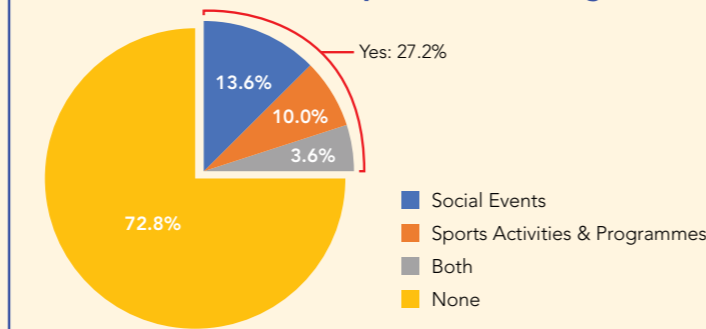

SOCIAL & SPORTS EVENTS/ PROGRAMMES

27.2% or close to 3 in 10 members attended the Club's events or programmes in the past 1 year; and at least half of them attended the social events.

To grow members' participation rate, the Club will review the feedback and suggestions received from the survey to organise more activities that will better meet the needs and preferences of our members.

Attendance of Social & Sports Events/ Programmes

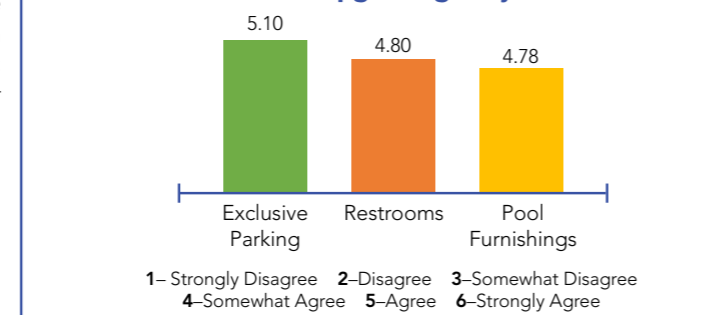

RECENT UPGRADING PROJECTS

Majority of the members are satisfied with the recent upgrading initiatives, especially the implementation of the Vehicle IU Identification & Detection Car Parking System at the members' carpark which scored a rating of 5.10; and 81% of the members expressed high satisfaction for this project.

- Implementation of the Vehicle IU Identification & Detection Car Parking System for members' exclusive parking
- Newly upgraded restroom facilities at the Driving Range and Orchid Lodge (Hotel Lobby)
- Installation of poolside furniture, sun loungers and Gazebos at the Olympic Pool and Fun Pool

Mean Scores for Recent Upgrading Projects

The Management team has assessed and evaluated the survey results, and will be addressing any service shortfall, facility improvements and system delivery gaps to improve our service standard and enhance members' experience at the Club. The next survey will take place in 2019 and we look forward to your active participation and contribution to make OCC a Premier Club we can be proud of!

Restroom Renovation Progress

This year, major restroom renovation works were carried out at the Driving Range, Hotel Lobby, Aranda Lounge, Bunker Pool as well as those at the Grand Ballroom & Jade Foyer which were completed in October 2017. Below are some photos of the two recently renovated restrooms taken before and after the completion.

Bunker Pool

Grand Ballroom & Jade Foyer

The above upgrading initiative is part of our facility renewal programme to serve you better. We would like to take this time to thank you for your patience during our upgrading period.

Introducing our New Tenant

Play Lah @ OCC is a dinosaur concept indoor playground that will be located at Social Clubhouse (level 2) and open in December this year. As a parent of three young children who love indoor playgrounds, the founder hopes to bring more joy, love and happiness to all children, giving them a memorable childhood.

Artist's Impression

UNDERSTANDING THE LOCAL RULE – EMBEDDED BALL

Contributed by Dennis Ee, Head of Golf

Due to the tropical rain we experience, the soggy ground makes it fairly easy for the balls to be embedded on their own pitch mark.

OCC has a Local Rule which allows for free relief of balls embedded on their own pitch mark "through the green". It is worded on the Scorecard as "Rule No. 6. EMBEDDED BALL (Rule 25-2): A ball embedded in its own pitch mark through the green may be lifted, cleaned and dropped, without penalty, as near as possible to the spot where it lay but not nearer the hole". Many Clubs in Singapore have also adopted this rule to make the game fair and less punishing to the player.

The definition of "Through the green" is the whole area of the course except:

- The teeing ground and putting green of the hole being played; and
- All hazards on the golf course.

With a better understanding of the definition "through the green", it is easier to determine under what circumstances an embedded ball can be lifted without penalty. Please note that a bunker is also a hazard. Therefore, there is **no free relief for embedded balls inside a bunker**.

- Before lifting the ball, you must first let your flight mates examine the embedded ball and agree to the free relief. Usually, a ball is deemed as embedded when **half the ball or more** is buried under the ground.
- Next, the position of the ball must be marked before it is lifted using a tee or ball marker.
- After the ball is lifted, you may clean the ball and drop the ball as near as possible to the spot where the ball lay but not nearer the hole.

Take advantage of this rule to relief yourself from an Embedded Ball situation in your future rounds! Happy Golfing!

FIRE EVACUATION DRILL @ OCC

On 4 October 2017 (Wed), 10am, the Club held a Fire Evacuation Drill that saw a turnout of 189 participants including staff, members and tenants. This exercise is an annual regulatory requirement by Singapore Civil Defence Force to ensure high fire safety standards at workplaces. This year, the evacuation timing was recorded as 8 minutes, an improvement from last year. A short 45-minute "Fire Safety and Prevention Awareness" talk by the Fire Prevention Centre ensued at the Theatre where 38 avid participants were educated on fire prevention and safety equipment.

We would like to thank everyone for their participation and for making this exercise a success.

Improvement Works @ Driving Range

Through our continuous efforts to provide you with the best Driving Range practise experience, spot re-turfing was carried out in September 2017 from Bay 54 to 80, to improve the Range Turf aesthetics and soft landing of balls.

The green pin flags at the Driving Range were also replaced with luminous yellow flags to facilitate target practice during the day and night.

The embedded golf balls were first dug out from the ground to loosen the earth for better turf growth.

Hollow Tinning was carried out to improve aeration, for better absorption of nutrients, root growth and removal of dead residues.

The ground was levelled further to remove unwanted sediments and prepare the ground for spot re-turfing.

Re-turfing was then carried out where new turfs were laid.

Pin flags were replaced from green to luminous yellow to better aid golfers in their target practice, both during the day and night.

24TH TRIPARTITE GOLF FRIENDLY

The Swiss Alpine Lions who provided the amazing German music for the night.

It was a night of German delights, music and merry-making at Vanda Terrace as golfers, social members and guests came together to celebrate Oktoberfest on 7 October (Saturday). The event took off with the Swiss Alpine Lions playing German tunes to accompany the delectable dinner. This was followed by stage games such as arm wrestling and sausage eating competitions which engaged the participants to cheer on the competitors. The prize presentation ensued soon after and the revelers enjoyed the rest of the night with beer and friends.

OCC-PING G400 LONG DRIVE CHALLENGE

The OCC-PING G400 Long Drive Challenge was held over six days at the Driving Range and saw an exciting play-off with 80 golfers contending to enter the Grand Final on 10 September 2017 (Sunday). After a tough fight, 24 golfers qualified for the Grand Final which led to Erwyn Lam emerging as the champion with a lead distance of 305m.

1st Runner Up Aybel Seah (centre) with a long drive of 302m.

2nd Runner Up Jess Yap (centre) with a long drive of 296m.

The enthusiastic participants of the Long Drive Challenge.

A Chat with the Champion, Mr Erwyn Lam

Erwyn Lam is an avid golfer who took up the sport at the age of 10. Having played for almost 18 years, he has represented Singapore in the World Amateur Golf Championship 2016 in South Africa and won the Team and Individual event.

1. How did you feel when you emerged as Champion for this challenge?

I was absolutely lost for words after the distance was announced! After duck hooking the first three drives and being almost 20 meters behind the leader on my fifth shot, I gave everything I had on my last ball and thankfully managed to get a solid contact at impact and the rest is history.

2. What is your secret/trick to hitting the ball far?

The trick is to be patient with initially loading the power and focusing on having a solid ball contact with the clubface.

3. What tips would you give to golfers who aspire to play better?

Focus on your swing tempo and try not to emulate others. Everyone is built differently and you need to find a swing that matches your physique. Most importantly, use PING equipment 😊 !

Champion, Mr Erwyn Lam

Being Part Of A Good Cause - Let's Take A Walk 2017

Let's Take A Walk 2017 (LTAW) was a non-profit endurance walk event organised by a core group of volunteers from Raleigh Singapore. Held on 23 September 2017, 1450 registrants participated in one of the four key categories - 10km, 50km (Day), 50km (Night) and 100km (team). The Club is proud to be part of the success of this event by being the water point for the 100km walk at midway mark, providing rest spots and refreshment for participants to refuel and continue the rest of their journey.

This year's theme was "Giving care, one step at a time" with a social mission to increase awareness of mental health and raise funds for their beneficiary, Caregivers' Alliance Limited, which provides support for caregivers of people with mental illnesses.

Participants check-in at OCC and receive stickers from volunteers for their bibs.

Participants fuel up and take a short rest at OCC before moving on to the next checkpoint.

Tentage set up in the carpark of OCC, which served as Checkpoint No. 3.

New Gym Equipment for Strength Training: Hex Trap Bar

The hex trap bar puts less stress on the spine compared to the straight bar when performing exercises such as the barbell back squat and conventional deadlift. In both exercises, the weight is positioned a distance from the axis of rotation, hence requiring the back to act like a crowbar to lift the weight. The hex trap bar enables you to step inside instead of behind it, shortening the lever for lifting. This reduces stress on the spine making it a back-friendly alternative equipment for beginners or those with mobility issues.

In this edition, we demonstrate 2 hex trap bar strength exercises suitable for all fitness levels.

Exercise 1: Trap Bar Deadlift

Exercise mechanics: Compound

Target muscles: Glutes, Hamstrings, Quadriceps, Lower Back, Abdominals, Lats, Rhomboids, Trapezius and Forearms

Step 1: Stand in the centre of the trap bar with your feet hip-width apart. Bend your hips and knees, reach down and grasp the handles of the trap bar.

Step 2: From this position, lean your hips back so you feel tension in your hamstrings. Pull your shoulders down and back, stick your chest up and flatten your back. Tuck your chin and focus your eyes about 5 metres in front of you.

Step 3: Take a deep breath in and tighten your core.

Step 4: Explosively stand up by straightening your hips followed by your knees while breathing out. Keep your back flat and core tight. Tighten your glutes at the top of the rep.

Step 5: Lower the trap bar to the ground in control and repeat.

Exercise 2: Trap Bar Shrug

Exercise mechanics: Isolation

Target muscles: Trapezius, Deltoids, Forearms

Step 1: Stand in the centre of the trap bar with your feet hip-width apart.

Step 2: Lift the weight up and hold it so that your arms are fully extended.

Step 3: Using your trapezius muscles, lift/shrug the weight vertically upwards. Elevate shoulders as high as you can and hold for 1-2 seconds.

Step 4: Slowly lower the weight to right below waist level in control and repeat.

Service Compliments

Thank you... We are always at your service

Dear Sheena and your team,

I would like to thank everyone in your team for making my wedding event a successful and meaningful one.

All my guests mentioned to me that the food is very good and delicious. The decorations are nicely designed and they had fun at the event.

The banquet captain Prem and service staff have done a great job in providing very good service for my family and my guests as well.

Last but not least, I really appreciate all the things that you have done and prepared for me.

I would definitely recommend your service to my friends.

Thank you very much!

Dear Karen,

Thank you very much for the arrangement for our John Deere Field Day with AT&B.

We are very pleased and happy on the set-up and arrangement provided by you and your fellow colleagues (Banquet & AV) from OCC.

Without your professional help and good customer service, things will not be as smooth. It has been a successful day for us.

We look forward to hold more events in your Club premises in the near future.

Akmal is an extremely professional and inspiring personal trainer. He has profound knowledge and a caring attitude. Recognising my advanced age and frail health, he customised a wonderful & invigorating routine to boost the recovery of my weak areas. Forwarding a printed text of all the steps of the exercise showed greatly what a passionate and caring trainer he is. He has given me much confidence and hope on achieving a healthy and fit body.

Keep up the excellent work Akmal!

Dear Mr Ng,

Our Ministry had our MSF Day held at Orchid Country Club on 20 July 2017. It was a successful event with the valuable help rendered from your team including Sheena Ooi, Rudy, Tyron and Azman.

(i) Sheena was prompt and efficient in catering to our enquiries and logistic requirements. She would try her best, within her limits, to address our needs.

(ii) Rudy was responsive when we sought his urgent assistance to rearrange the seating arrangement before the event commencement. He and his helper were swift in making the required changes despite the short turnaround time.

(iii) Tyron has been very helpful in providing his guidance and support at the AVA room. He further stayed back after his working hours to meet my team to understand our needs. This helped to ensure successful execution of the programme

(iv) Despite the minor hiccup on inadequate provision of lunch for our 900 staff, Azman was quick in addressing the situational concerns by getting his food and beverages' team to quickly replenish the food.

Your team impressed us with their professionalism in attending to our requests and responding to situational needs. We look forward to possible working opportunity with your team in future.

Thank you.
